

Did you know?
Medals were given
for heroic acts
during times
of war

When the *Lusitania*,
a British passenger
ship, was sunk by a
German submarine,
the first boat to
reach them was a
little Peel fishing
boat called the
Wanderer or *P11*.

Did you know?
Thomas Woods
was in charge of
the Wanderer on
its brave rescue
mission

Hi, I'm
Thomas
Woods

The crew of seven men
worked very hard to
rescue as many
survivors as they could.
They managed to save
over 150 people using
their little fishing boat!
